

# Undeveloped Areas Town of Dummerston, Vt.

-  Undeveloped areas  
(greater than 600 feet from a structure)
-  Public or conservation land
-  Undeveloped road segment  
(greater than 500 feet in length)

This map is a generalized representation of undeveloped areas and undeveloped road corridors in Dummerston. While there is no one agreed-upon definition of "undeveloped," this map can still serve as a base from which one can gain an understanding of the development pattern in town.

Data have not been verified. The high sensitivity this map has to the presence or absence of one structure, as well as the possibility that areas classified as undeveloped may not be in their natural state, is acknowledged.
